

HOWDY GLOBAL GAME JAMMERS!

You've just grabbed our GGJ Sound Pack, a selection of sound effects and music tracks from our extensive library. In the "Generic Pack" folder, you'll find generic sound assets. And for a special touch aligned with this year's theme, check out the Theme Specific folder. Additionally, we added in a quick guide in the folder to guide you through the sounds.

Feel free to reach out to us at contact@swish-swoosh.com and share your audio needs. Your input means a lot to us and it will help us fine-tune our future creations.

Have fun, laugh loudly!
